Honouring Te Tiriti o Waitangi

West Melton School - Te Kura o Papatahora is committed to developing procedures and practices that reflect New Zealand's cultural diversity. The three principles of Te Tiriti o Waitangi being Partnership, Protection and Participation will provide the foundation for learning. Māori learners will enjoy and achieve educational success as Māori.

The Board and school leadership are committed to embedding Tikanga-a-Iwi and te reo Māori within the school during the year.

This is achieved through:

- Incorporating the Māori name of our school (Te Kura o Papatahora), gifted by our local Iwi in 2013, into our school branding
- Providing professional development for staff in Tikanga-a-Iwi
- Working with Te Taumutu Rūnanga on enhancing curriculum and opportunities for learners
- Teaching te reo Māori to an elementary level (greetings, counting, colours, basic vocabulary)^{****} *To grow cultural capability in te reo for all teachers and ākonga*^{***}
- Provision of extension opportunities for learning Te Reo Māori
- Singing of waiata, use of karakia and whakatauki are incorporated into regular daily practices
- Attending hui and initiatives and consulting with Ngāti Moki Marae at Taumutu
- Partnering meaningfully with our Māori and Pasifika whānau and wider community
- Using te reo Māori salutations in emails, letters and newsletters
- Provide opportunities for cultural activities and experiences e.g. Junior and Senior Kapa haka
- Using te reo Māori greetings/mihimihi in formal public addresses
- A specialist te reo teacher working with staff and learners
- Working closely with Kāhui Ako particularly Across School Leaders
- Use 'Poutama Reo' as an evaluation framework. This will help us create a te reo Māori improvement plan to support our goals.

Te Kura o Papatahora | West Melton School acknowledges and celebrates learners from other cultures. We reflect New Zealand's cultural diversity by:

- Incorporating and acknowledging cultural celebrations and festivals into community programmes
- Integrating cultural perspectives throughout all teaching and learning
- Engaging cultural advisors, and cultural dance/food festivals

Māori Responsiveness Plan

If whānau request a higher level of Tikanga and te reo Māori than at present evident in our school's te reo Māori programme, the Board, staff and whānau will discuss and explore the following options:

- Explain the existing programmes
- Extend the existing programmes if and as appropriate
- Discuss the feasibility of collaborating with Kāhui Ako
- Use of community resources to enhance any of the above
- Use 'Poutama Reo' as an evaluation framework. This will help us create a te reo Māori improvement plan to support our goals. Utilising the self-review tools within the four dimensions: whānau, student agency, teaching and learning, and leading.
